

SPECIAL PROGRAM

The Brain and Early Learning

5th Annual Science Symposium

Saturday, September 26, 2015

8:00 a.m. - 4:00 p.m.

\$85/person or \$75/person groups of 5+

Register by September 18. Spaces are limited!

Early Childhood Teachers, Parents, Home-Based Care Providers and Children's Librarians – are you looking for ways to make science learning more interesting, tangible, and relevant for your children?

Come learn about research trends in early childhood brain development, experience strategies for developing literacy, gain insight into supporting children's discovery of nature, and see how you can support child-centered children's explorations.

Highlights of the Symposium:

- This event focuses on **infant-Kindergarten** education.
- Keynote presentation by Dr. Sam Chan of the L.A. County Department of Mental Health, on how to support young children's brain development.
- Participate in three breakout sessions presented by a variety of community organizations and educators.
- Browse through multiple vendor booths and community organizations in our *Curriculum Fair*, to learn about their educational resources and programming.
- Conference credits for "Gateways for Early Educators Program."
- Opportunity to take pictures with our special guest *Curious George*!

Registration includes light breakfast, lunch, materials, and parking.

To secure your spot for this workshop, please complete the registration form online at <http://crystalstairs.org>, or call (323) 421-2627. **All events will take place in the Wallis Annenberg Building of the California Science Center.**

This event is co-sponsored by the California Science Center and Crystal Stairs
